spot today!**

The Group Skills Program at Merakey Gateway Transition Services helps young adults with autism develop fundamental social, pre-vocational, and life skills needed to live, work and thrive in the community.

### ***About the Day Program***

- Classroom lessons covering money management, social skills, career exploration, and independent living skills
- Weekly volunteering excursions in the community to experience different work environments
- Employment opportunities at Merakey Gateway Ink, our onsite t-shirt print shop to gain transferrable job skills
- Opportunities for social interaction and community involvement
