

MERAKEY DELAWARE COUNTY AWARDED CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINIC EXPANSION GRANT

In the fall of 2018, Merakey Delaware County was awarded a Certified Community Behavioral Health Clinic (CCBHC) Expansion Grant from the Federal Substance Abuse and Mental Health Services Administration (SAMHSA). These national grants are intended to initiate a nationwide transformation of the publicly funded behavioral health delivery system. Grant recipients are tasked with developing a model of community behavioral healthcare that increases access to services, comprehensiveness of services, and quality of services.

Merakey Delaware County began fully functioning as a CCBHC in January 2019.

According to the National Council for Behavioral Health, in the first 6 months of implementation, **87% of CCBHCs report an increased number of consumers served**, representing up to 25% increase in total consumer caseloads for most clinics.
