

## Welcome Waters & Sims and Community Solutions Alliance to the Merakey Family

We are happy to announce that [Waters & Sims](#), a premier provider of employment services in New Jersey, and [Community Solutions Alliance](#), a Social Security Organizational Representative Payee (rep payee) provider, have joined the Merakey family.

For 28 years, Waters & Sims has delivered high-quality, person-centered employment services to individuals across the state. They offer a diverse continuum of programs, including supported employment, pre-employment transition services (Pre-ETS), Long-Term Follow Up and Transition Assistance (LFTA), prevocational training and benefits counseling. Waters & Sims is also embedded within the employment network through the Social Security Administration, further strengthening their commitment to helping individuals with disabilities and transition-aged youth achieve meaningful work and independence.

By integrating Waters & Sims' expertise and well-established relationships across the state, we will be able to expand employment services to Merakey individuals in New Jersey and strengthen our position as a premier IDD employment provider in a state that embraces the Employment First philosophy.

Community Solutions Alliance provides financial management and representative payee services for individuals who receive government benefits and need support managing their funds. Integrating these services will allow us to bring all of Merakey's representative payee activities into one unified, consistent model. With services available nationwide, this approach creates meaningful opportunities for growth and enables Merakey, Waters & Sims, and other providers to better support individuals who require structured financial oversight.

Join us in welcoming Waters & Sims and Community Solutions Alliance to Merakey! Together, we will continue making a lasting difference in the lives of the individuals and communities we serve.
